### 7. Entitlement

#### 7.1 An officer or an employee, as defined in this Directive:

- (a) **may** be granted special leave either on full-pay or without pay as provided for in clause 8;
- (b) **must** be granted special leave of absence either on full-pay or without pay as provided and where indicated in Schedule one.

#### 7.2 Unless otherwise indicated, leave entitlements apply to part-time employees on a pro-rata basis.

- 7.3 Leave prescribed in this Directive may be converted to an hourly basis for the purpose of entitlement, granting and recording of leave. Leave is based on the number of hours that the employee would have worked. Schedule Three provides conversion formulas.
- 7.4 If an employee is rostered to work a specific number of hours on a day and the employee is absent from duty on that day, or part of it, the period of leave will be the number of hours that the employee was rostered to work on that day but did not work. This applies even though the period of leave may be different to the employee's daily hours (as defined).
- 7.5 Where a public holiday or substituted day under the *Holidays Act 1983* occurs, during an absence on special leave without pay, officers and employees are not entitled to be paid for the public holiday.

## 8. Discretionary leave

- 8.1 A chief executive **may** approve paid leave for employees for any purpose, with duration appropriate to the purpose of the leave.
- (a) Leave approved under clause 8.1 must not exceed more than five (5) days per year per reason unless the chief executive considers that circumstances warrant the granting of additional paid leave. Any additional leave must be reasonable and proportionate to the circumstances.
- (b) Examples of reasons could include, but are not limited to, those specified in Schedule Two.
- 8.2 A chief executive may approve unpaid leave for employees for any purpose and for any duration.
- 8.3 A chief executive may approve purchased leave, a form of unpaid leave, for any period determined by the chief executive in accordance with Queensland Government policy and/or industrial instruments.
- 8.4 A chief executive may approve a combination of paid and unpaid leave under this Directive.
- 8.5 In determining an application for leave under clause 8.1 or clause 8.2, a chief executive must consider:
- (a) the reason the leave is requested;
- (b) the duration of the requested leave;
- (c) if applicable, for temporary or casual employees, the duration of the person's employment (including end date);
- (d) the impact on the employee if the requested leave is not approved.

## 9. Taking leave

- 9.1 Other than as provided for in Schedule One, leave is always to be subject to the demands of a particular situation and is to be taken at departmental convenience.

## 10. Recall from or cancellation of leave

- 10.1 Section 10 does not apply to leave granted in accordance with Schedule One.
- 10.2 A chief executive may, if departmental circumstances require it:
- (a) recall an employee from special leave; or
- (b) cancel the approval or granting of any special leave; or
- (c) defer the taking of that leave.

## SCHEDULE THREE – LEAVE CONVERSION FORMULAS

### 1. Conversion of entitlements

1.1. This schedule sets out the formulas to be utilised when converting leave accruals to an alternative accrual basis.

### 2. Leave entitlement in hours

2.1. If an employee's leave entitlement in a directive is expressed in working days, the leave entitlement may be read as if it were expressed in working hours using the following formula:

$$LE = WD \times DH$$

Where:

LE = Leave Entitlement

WD = Working Days

DH = Daily Hours (as defined by an industrial instrument)

Provided that the leave entitlement applies to part-time employees on a pro rata basis.

### 3. Variation of ordinary working hours

3.1. If a department's system for recording particulars of leave granted to an employee is based on hours and the daily hours (as defined by an industrial instrument) of an employee change, the leave entitlements accumulated by the employee are also to be recorded in hours.

$$LAC = LBC \times \frac{HAC}{HBC}$$

Where:

LAC (leave entitlement after change) = the hours of leave to which the employee is entitled after the change.

LBC (leave entitlement before change) = the employee's leave entitlement expressed in hours before the change.

HAC (daily hours after change) = the employee's daily hours (as defined by an industrial instrument) after the change.

HBC (daily hours before change) = the employee's daily hours (as defined by an industrial instrument) before the change.
